For more information visit: <https://www.state.gov>.

On August 28, 2020, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. Guidance

- Created and distributed a Health Alert describing what MHCC currently knows about the SARS-CoV-2 virus variant identified in the United Kingdom and outlines how health care providers can help collect specimens for genetic sequencing to monitor for this and other variant virus strains.
- CDPH released AFL 20-47.1 Suspension of Regulatory Enforcement of Hospice Requirements. This revision rescinds prior authorization to begin operations based solely on submission of an application and clarifies that a hospice provider seeking initial licensure must receive approval before providing care.

Emergency Medical Services Authority (EMSA)

- The Imperial Valley College ACS, Sleep Train ACS, Porterville ACS, and Fairview ACS are all currently accepting patients. The number of patients that can be accepted continues to be limited by the staff and equipment available during this surge.
- Ventilator and medical equipment requests from operational areas are being filled and shipped daily, as equipment is available.
